GEORGE WINGFIELD BUYS IN AT CAMP TAYLOR

War Prosecution Force Now Being Assembled by Daugherty

WAR GRAFTERS WILL BE BROUGHT TO BAY WITHOUT HESITANCY

WASHINGTON, May 27.—Meier Steinberg, New York lawyer, who assisted Charles E. Hughes in the government air craft investigation in 1918, was said to have accepted the appointment by Attorney General Daugherty as one of his special assistants in the prosecution of war fraud cases.

A comprehensive outline of his plan for conducting prosecution of war fraud cases was given today by Attorney General Daugherty in a statement in which he said when his force now being organized is completed he "would have under his direction one of the most notable law firms ever created in the United States, and composed of the best legal talent obtainable."

MURDERER OF BLACKMAILER GETS FREEDOM

Walter S. Ward Released On Bonds of Fifty Thousand by Supreme Court

(By Associated Press) NEWBURGH, N. Y., May 27.—Supreme Court Justice Ziegler ordered Walter S. Ward, New Rochelle, central figure in the shooting of Clarence Peters, near White Plains, released on \$50,000 bail. Ward confessed several days ago to killing Peters whom he alleged to be a blackmailer.

COLUMBUS MANAGER HAS DISAPPEARED

(By Associated Press) COLUMBUS, Ga., May 27.—J. Gordon Hinkle, city manager, whose resignation was demanded in anonymous letter received by Mayor Dixon, preceding the recent explosion of his home, has left the city after writing a letter to the editor of a newspaper declaring the city commissioners had refused him necessary authority to "clean house" and that the "situation has become unbearable." It was announced at the mayor's office Hinkle had not resigned as city manager.

The Bonanza is not afraid and dares print all the news.

BUTLER THEATRE
—TODAY—
Conway Tearle
—IN—
"A WIDE OPEN TOWN"
An action picture full of adventure, thrills and romance, and a two-reel Tonerville comedy, "The Skipper Strikes It Rich."
Tomorrow, Max Linder, the French comedian, in "Seven Years Bad Luck," and Ruth Roland, in "White Eagle."
Monday, Gloria Swanson.

SENIOR CLASS PLAY HIGHLY ENTERTAINING

The Butler theater was crowded last night with one of the most appreciative gatherings that has assembled within its walls in a long period. The attraction was the senior class play, "Nothing But the Truth," which was rendered in a pleasing and highly entertaining manner, and which evoked much applause from the audience. "Nothing But the Truth" is a sparkling comedy, but what made it all the more interesting lay in the fact that the various parts were assigned to our local young people who certainly gave a good account of themselves. It would be hard, indeed, to judge which one of the cast was entitled to the greatest praise by reason of the fact that each and every one seemed better perfect.

CATHOLICS OF IRELAND ARE ASKING ASSISTANCE

(By Associated Press) BELFAST, May 27.—The Ulster association has sent a message to Colonial Secretary Churchill remarking that the Catholic protection committee in a telegram to the secretary early in the week, telling of a number of Catholics murdered, did not refer to the number of protestants killed. Several others were threatened with death. The premises of 18 protestant firms were set afire. The telegram from the Catholic protection committee reads: "From the 12th to the 22nd day of May, 27 Catholics have been murdered, and of these five were women and two children, and 45 wounded, and hundreds evicted. The position of the Catholics is desperate."

NO FOUNDATION REPORT CRANE WAS CONVICTED

Reuters Correspondent in Cairo Says He Learns That There Is Nothing to Story.

(By Associated Press) LONDON, May 27.—Reuters's correspondent in Cairo says he learns from a high official who arrived last night from Syria, that the report of Charles R. Crane's conviction by a French military court at Damascus for inciting a riot, is without foundation.

DORAN IS BELIEVED TAYLOR'S MURDERER

(By Associated Press) Poughkeepsie, N. Y., May 27.—County authorities announced that developments in the case of Frank Doran, held here for holding up a taxi driver, led them to believe Doran was either a party to the murder of William Desmond Taylor, movie director of Hollywood, or has important information.

POPE PROTESTING BRITISH MANDATE

(By Associated Press) GENEVA, May 27.—Cardinal Gasparri, papal secretary of state, has addressed a note on behalf of the Vatican to the league of nations, says the Exchange Telegraph, protesting in strong terms against the British mandate for Palestine.

LABOR MEN RELEASED BIG BONDS IN CHICAGO

(By Associated Press) CHICAGO, May 27.—"Big Tim" Murphy and Fred Maier, described as ex-convicts in what the police term the labor war, were released from jail on bonds of \$75,000 each. They have been confined in cells for 11 days after their arrest and indictment for the murder of Police Lieutenant Terrence Lyons, one of the two police men shot to death while investigating bombings believed to be in protest of the Landis building trades wage award.

FINE SHOWING CONTINUES AT TONOPAH EXT.

Sinking of Victor Shaft Progresses Without Interruption Whatsoever

LARGE OREBODIES SHOWING

Developments Are Gratifying to Management and All Others Interested in Company.

The Tonopah Extension Mining company, through its board of directors, has declared a dividend of 5 per cent, payable July 1, which means a distribution in round numbers, of \$70,000. This will make the total dividends paid by the company approximate \$3,200,000, which is some record in itself during a period of about 15 years. Stock books will close on June 10, and disbursement of dividends will be made on July 1 to all shareholders of record on the date first above mentioned.

Sinking of the Victor shaft, the deepest mine workings in the Tonopah district, marks progress of activities at the Tonopah Extension Mining company holdings, although important developments are going forward on the various levels of both the McKane and Victor shafts. The results that are being accomplished in a mining way are quite pleasing to the management, as well as all interested, by reason of the fact that the physical condition of the mine is considered better than at any time during the past history of operations.

VICTOR SHAFT

"1600 level—Intermediate level—Stope is in progress on Merger vein.
"1700 level—Stope is in progress on Murray vein.
"1700 level—Raise 1, off 1701 east sill, advanced 20 feet on 2 feet of ore. 1718 crosscut advanced 11 feet in Extension breccia. Stope is in progress on Murray and Merger veins.
"1804 intermediate level—No. 2 west drift was continued on 3 feet of ore. No. 2 east drift was continued on 8 feet of ore.
"1880 level—1803 west drift advanced 21 feet on a full face of good ore. 1899 east drift advanced 31 feet in a full face of good ore. 1899 west drift advanced 23 feet on a full face of good ore. 1896 west drift was continued on 2 feet of ore. 1803 crosscut advanced 18 feet hanging-wall of Anchor vein. 1807 crosscut advanced 15 feet in footwall of Anchor vein. 1808 crosscut advanced 14 feet in footwall of Murray vein. Stope is in progress on Murray and Anchor veins. Shaft sinking was continued. Development, 263 feet."

NINETEEN NEW BIRDS MEMBERS LOCAL AERIE

The Eagles screamed last night when the local aerie initiated a class of nineteen new birds. It was expected that the number to be inducted into the order would be 21, but two failed to show up. There was a large gathering present to witness the riting of the goat, following which a banquet was served that was up to the usual standard. Those initiated were: Joseph T. Murphy, John Wallace, Hugh Doherty, Richard Cordes, Joseph Glanola, John Broderick, J. P. Rippington, E. W. O'Connell, A. J. Gilbert, Charles F. Smith, Frank Carroll, Leland Henderson, John S. McGinn, John Hill, Charles Kjelhofer, Mark Huslop, Frank McCoskey, Guido Helmick and Dennis Hill.

SEVENTEEN FIRES SET IN BELFAST LAST NIGHT

(By Associated Press) BELFAST, May 27.—Seventeen fires were started in a campaign of incendiarism waged throughout this city last night, and six fire bombs were used in starting a blaze that destroyed the Model school. A constable was shot in the leg while on duty at a fire. Hundreds of looters invaded the ruins of the school and began taking everything portable. The police later arrived in lorries and opened fire on them. A girl of 19 was shot dead last night; another girl, a man and a woman were wounded during an outbreak last night.

A British soldier was murdered and another seriously wounded at the post office on College Green in Dublin, says a Dublin dispatch. The shooting was done by a civilian.

U. C. ATHLETES VICTORIOUS IN TRACK CONTEST

Intercollegiate Meet Shows the Contestants of West Are Superior to the East.

(By Associated Press) HARVARD STADIUM, May 27.—Athletes of the University of California for the second successive year captured the track and field championship of the inter-collegiate A. A. U. The Pacific coast stars were pressed for honors by the strength of scores of eastern colleges and fellow Californians of Stanford university. California had points of 40½; Princeton second with 31; Pennsylvania, 16; Penn. State, 11; Stanford, with a handful of athletes, 26½.

POISON PEN WRITER MAY BE A LUNATIC

(By Associated Press) CHICAGO, May 27.—On decision following a psychiatric examination today will depend whether Eugene Bryant, author of several "poison pen" letters to Mrs. A. H. Shottwell, wife of a wealthy confectioner, will return home with his father, Judge Wilbur F. Bryant, of Partington, Neb., or be held for grand jury investigation here. The father said he believed his son's actions were the result of shock from war experience.

STORM CLOUD GROUP PASSES TO CONTROL OF EMPIRE BUILDER

BELMONT MAKES FINE SHOWING MANY WORKINGS

Production Being Increased in Substantial Manner From Month to Month.

MUCH MILL ORE IS RECEIVED

One Hundred and Twenty-Five Thousand Dollars Represented Last Cleanup.

The Belmont strides steadily along as one of the big producers of southern Nevada and continues to assist in keeping Tonopah on the map in brilliant colors. The production is kept well up to the standard, but there promise to be a substantial increase during the summer as the result of the sweeps plant being brought into commission within the next few weeks, not to mention the increased shipments that will be received at the company mill from outside properties.

On Sunday morning of this week the consignment of bullion for the 15-day period ending May 15 was sent out, which consisted of 50 bars, weighing 102,080 ounces and having a value of \$125,625. This was in keeping with the production of past months.

The official report for the week ending Friday, May 26, is as follows:

"900 level—Northwest crosscut 9006, off northeast crosscut 925, prospecting in Mizpah trachyte. North crosscut 9095, off east drift 915, prospecting hanging-wall of North vein. West drift 9035, off northeast crosscut 928. Favorite vein, 26 feet of milling ore. East drift 9096, off northeast crosscut 957. Miscellaneous vein, 1 foot of fair quartz.
"1000 level—East drift 10080, off north crosscut 10077, 10080 vein, face of low grade ore. Raise 125, off north crosscut 10055, prospecting in Mizpah trachyte.
"1100 level—South crosscut 2, off east drift from Belmont shaft, prospecting in Mizpah trachyte. South-east crosscut 10016, off east drift, Belmont vein, mining purposes. Intermediate east drift, off west Favorite slope, 1 foot fair ore.
"1300 level—Intermediate east drift No. 1, off south crosscut from east slope 5, Belmont (FW) vein, 1 foot medium grade ore. Intermediate east drift No. 2, off south crosscut from east slope 5, Belmont (FW) vein, holed to 1242 stope."

VIOLENT SHAKE CAUSES ALARM ITALIAN TOWN

Covers Area of Several Miles and Population Excited to Marked Degree.

ROME, May 27.—Four violent earthquakes occurred today in the vicinity of Tarni, about 50 miles north of Rome, causing terror to the population over an area of several miles. No reports of damage have been received this afternoon.

George Wingfield is again to become a dominant figure in the development of the mineral resources of Nye county.

With the announcement that this empire builder is to again become active in the mining game, following what might be termed a silence of two years, the new camp of Taylor, 50 miles south and east of Tonopah, has had new blood injected and a period of great prosperity is unquestionably awaiting not only that locality, but the districts known as Belvedere, Golden Arrow, Silver Bow, Clifford, Eden Creek and Arrowhead.

Official announcement was made this morning that Mr. Wingfield had taken over a controlling interest in the Storm Cloud group of six full mining claims, which have made such a sensational mineral showing during the past few weeks from development that has been carried forward by W. A. Sanger and Frank H. Taylor, both of whom retain a minority interest in the holdings. Associated with Mr. Wingfield in the purchase is J. Grant Crumley, well known Tonopah mining and business man. While the purchase price was not made known it is said to have been substantial, with a heavy cash payment.

The purchase of the controlling interest in the Storm Cloud property was made after Mr. Wingfield had caused his engineers to make a comprehensive and exhaustive examination of the district and who returned a favorable report. The fact that Messrs. Sanger and Taylor refused to relinquish their entire interest, speaks volumes regarding their faith in the mineral holdings. Both are confident that the Storm Cloud will develop into one of the biggest mines in southern Nevada.

Large development is planned on the Storm Cloud by Mr. Wingfield, and the main shaft, now having a depth of 40 feet, is to be lowered with all possible speed. The bottom of this shaft shows nothing but ore and it is not known the width of the vein. Assays from \$100 up to \$2400 in silver and gold have been reported from thorough sampling. In the second shaft, which has a depth of 20 feet, a showing equally good is taking place, and a recent sample across the bottom of the workings showed values averaging \$147 a ton.

People interested in Camp Taylor, Golden Arrow, Belvedere, Silver Bow, Arrowhead, Clifford and Eden Creek districts are highly elated to know that George Wingfield is again to become identified with the industry in Nye county. He has refrained from dabbling in any new camps for over two years, and now that his engineers have placed the stamp of approval on Camp Taylor means that a real mining sensation is in the ascendency and that Tonopah will profit in a most material way by reason of being the natural feeding point.

George B. Thatcher, well known attorney, who is in Tonopah today, is preparing the legal papers for the transfer of the controlling interest in the Storm Cloud group.
